

The Book of Dreams and Ghosts By Andrew Lang

The Book of Dreams and Ghosts by Andrew Lang is a book mainly focused on the stories of ghosts and other mystical phenomenon. With frequent editorializing and discussion by the author, the work is less a series of supernatural tales and more of an anthropological book centered around bewitching stories of the otherworldly -given the name *Psychical Research* when Lang was alive. Over the course of fourteen chapters, 79 stories, and two prefaces, Lang manages to keep the reader enchanted with his thoughtful retellings, literary charisma, and exemplary choice in narratives. - Summary by Aiden Javurek Humig
